Apply for asylum

After crossing the border:

- They have to **apply for international protection**
- Name the reasons, why they need help from Austria

The police

- Takes a picture of the refugee
- Writes down the personal data
- Takes fingerprints
- And asks a few questions

The basic care program

- health insurance
- Food
- Pocket money
- Accommodation in suitable facilities

Unattended minor refugees

In the first part

- Right to special assistance
- At first, they are accommodated in Traiskirchen or other federal care facilities
- They get legally represented during their asylum proceedings

In the second part

- They get accommodation in special facilities for unaccompanied minors

Problems

Cultural problems

- Many wear a headscarf and do not eat pork
- More generations live in one house
- The average number of children is much higher
- Some refugees don't respect and assault women
- Many of them think, that homosexuality is immoral and should be punished
- Environmental protection
- Many refugees are illiterate
